1. We have audited the internal financial controls over financial reporting of Panasonic Carbon India Co. Limited ("the Company") as of 31 March, 2016 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

2. The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

3. Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing,

issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Meaning of Internal Financial Controls over Financial Reporting

6. A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly

reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

7. Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

8. In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2016, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Notes forming part of the Financial Statements as on 31st March, 2016

1. Significant Accounting Policies

Basis of Accounting & Preparation of Financial Statements

- 1.1 The financial statements are prepared under the historical cost convention, on the accrual basis of accounting and comply with the applicable Accounting Standards specified under Section 133 of the Companies Act, 2013, read with Rule 7 of the Companies (Accounts) Rules, 2014 and the relevant provisions of the Companies Act, 2013.
- 1.2 The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts. Estimates include allowance for uncollectible accounts receivables, useful life of fixed assets, accounting for employee cost pending execution of agreements with workmen unions etc. The actual amounts may differ from these estimates.

1.3 Fixed Assets

Fixed Assets are stated at cost less depreciation except in the case of land which is stated at cost.

1.4 Depreciation

Depreciation is provided on the fixed assets except Land under the written down value method at rates specified in Part C of Schedule II of the Companies Act, 2013. Assets costing less than ₹5,000/- individually are fully depreciated. Intangible assets are amortized over their respective individual estimated useful lives on a straight-line basis, commencing from the date the asset is available to the Company for its use.

1.5 Impairment

The carrying amounts of assets are reviewed at each balance sheet date. If there is any indication of impairment based on internal/external factors, an impairment loss is recognised wherever the carrying amount of an asset exceeds its recoverable amount. The recoverable amount is the greater of the assets net selling price and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value at the weighted average cost of capital.

After impairment, depreciation is provided on the revised carrying amount of the assets over its remaining useful life. A previously recognised impairment loss is increased or reversed depending on changes in circumstances. However the carrying value after reversal is not increased beyond the carrying value that would have prevailed by charging usual depreciation if there was no impairment.

1.6 Inventories

Raw Materials, work-in-process and finished goods are valued at lower of cost and net realisable value. Stores and spares are valued at cost.

The cost of raw materials and stores and spares is arrived at on the basis of issues being charged out in the 'First-in-First-out' method.

The cost of work-in-process and finished goods is arrived at on the basis of materials consumed, production wages and salaries and production overheads.

1.7 Transactions in Foreign Currencies

Transactions in foreign currencies are recorded at the exchange rates prevailing on the date of the transaction. Foreign currency monetary assets and liabilities are translated at year end exchange rates. Exchange differences arising on settlement of transactions and translation of monetary items are recognised as income or expense in the Profit and Loss Account.

Premium or discount on forward contracts is amortised over the life of such contract and is recognised as income or expense in the Profit and Loss Account.

1.8 Employee benefits

Contribution to Provident Fund, Family Pension and Superannuation Funds which are in the nature of defined contributions schemes and the contribution made during the year are charged to Profit and Loss Account. Gratuity which is in the nature of defined benefit scheme and provided in the Books of Account based on the actuarial valuations.
